### **ACADEMIC PROFILE**

March, 2017

**Professor of Mechanical Engineering,**

Faculty of Engineering and Technology, Philadelphia  
University

2013-2017

**Associate Professor of Mechanical Engineering,**

Faculty of Engineering and Technology, Philadelphia  
University

2009-2013

**Assistant Professor of Mechanical Engineering,**

Faculty of Engineering and Technology, Philadelphia  
University

### **RESEARCH INTERESTS**

- Nanofluid Engineering Technology.
- Renewable Energy
- Fuel Cell Technology
- Automotive Engineering.
- Thermo-fluids Engineering Applications

### **MERITS**

- Second Class First Division Honour degree in Mech. Eng. - **University of Sheffield- England**, second distinguished graduate out of 50 students of the engineering class.
- Best Final year under graduate project in Mech. Eng., - **University of Sheffield- England**,
- First Class, Grade-A (95%), engine and control panel course-**FAA Academy - USA.**
- The distinguished graduate (First Class)-(93%), Officer basic course. **Amman-Jordan.**
- The distinguished graduate (First Class)-(92%), University graduate officer course. **Amman-Jordan.**
- Best Student list, average 91.5% in the Jordanian General Secondary certificate. **Zarqa-Jordan.**

## **SCHOLARSHIPS**

**Awarded Full Academic Scholarship to pursue the B.Sc. degree in Mechanical Engineering, (01/10/1977-01/06/1982) at University of Sheffield-England as a result of high school academic performance.**

- **Awarded Full Scholarship** to pursue a Master degree by research in Mechanical and Aerospace Engineering (01/09/1997-01/09/99) at University of Hertfordshire-England -UK.
- **Awarded Full Scholarship** to pursue the PhD degree in Mechanical and Aerospace Engineering (01/09/1999-01/09/2002) at University of Hertfordshire- England-UK.

## **PROFESSIONAL ACADEMIC & INDUSTRIAL EXPERIENCE**

**Sep 2010 - 2023**

**Director of Academic Staff Affairs/**Philadelphia University.

**Oct. 2021 - present**

**Head of water, Enviroment and Energy Sector Committee.**

Scientific Research Support Fund and Innovation (SRSF)/Ministry of higher Education and Scientific Research.

**Oct. 2018 – Oct. 2020**

**Head of innovation and entrepreneurship and Innovation Sector Committee.**

Scientific Research Support Fund and Innovation (SRSF)/Ministry of higher Education and Scientific Research.

**Oct. 2019 – Sep. 2020 of Scientific Research Committee.**

Member of Scientific Research Support Fund and Innovation (SRSF)/Ministry of higher Education and Scientific Research.

**Sep 2019 – Sep. 2020**

**Member of Applied Research Funding Projects Committee.**

Collaboration project between both organizations: King Abdullah II Design & Development Bureau (KADDB) and King Abdullah Fund for Development (KAFFD).

**Sep 2014– Sep 2015**

**Director of Innovation Center/Technology Business Incubator/**Philadelphia University

**2013 – 2015**

**Manager of Formula Car Student SAE Project/Philadelphia University.**

*Formula Student (or Formula SAE (F-SAE)) is a worldwide university competition, organized by the Society of Automotive Engineers (SAE), which encourages university teams to design, build, and compete with a Formula-style race car.*

**.Jan 2009 – Jan 2011**

**Advisor** /Jordan Atomic Energy Commission.

**Jan 2007 - Aug 2008**

**Concurrent Assignment as Manager of Intellectual property Unit (IPR)/King Abdullah II Design and Development Bureau, KADDB.**

**Key Responsibilities:**

Performed IP audits of KADDB and JV companies wholly/partially owned by KADDB and submitting relevant reports. Devised/executed awareness campaign and training programs

on IP rights for staff. Scrutinized standard agreements/contracts to ensure effective IP rights handling and coverage.

**Oct 2006 – Aug 2008**

**Director of Applied Research of Innovative Technology Projects/King Abdullah II Design and Development Bureau, KADDB.**

**Key Responsibilities:**

- Steering applied engineering programs and technology projects adeptly to position KADDB competitively as an internationally renowned R&D organization.
- Researching/ recommending applicable technical logistics for proposed project science/ technology options, creating detailed costing and feasibility reports for Submittal to the Board Of Directors (BOD).
- Planning and laying out the entire organizational structure along with development plans, following up on the same while building an effective leadership pipeline and robust succession.
- Identifying/recruiting a core team of professionals and stimulating progress through Continuous training programs in line with Jordanian Defence and industry.

**Jan 2003 - Oct 2006**

**Manager of Applied Research Department - Engineering Group/King Abdullah II Design and Development Bureau, KADDB.**

**Key Responsibilities:**

- Streamlined operations devised policies and standardized procedures in accordance with Government policies for maximum contribution of science/technology for wealth creation in Jordan and the country's national economic performance.
- Encouraged innovation through grant assistance to young engineers to enable them to develop their concepts and prototypes through the KADDB laboratory in conjunction with the University faculty.
- Facilitated penetration in the global defence market by establishing joint venture partnerships with key players in the industry, forging close relations with academia.
- Coordinated with HR department for recruitment of appropriate personnel to develop a strong motivated team with positive attitude, assessed/encouraged their professional development through regular training programs, trained new recruits on department operations.
- Represented the organization at reputable conferences/seminars in the fields of Applied Science and Technology

**Concurrent Assignments:**

**2004 – 2008**

**Program Manager of Innovative & Technology Projects Scheme**

*It is a joint program between King Abdullah II Fund for Development (KAJD) and King Abdullah II Design & Development Bureau (KADDB) for final year undergraduate projects in engineering, Applied science and IT.*

**Key Responsibilities**

- Selectively recommended/applied a wide range of macro economic/finance tools to chart regional economic development curves and restructured resource allocation in

view of changing demands.

- Tapped global corporate entities in Jordan to ensure continuity of existent projects and effective implementation of program objectives across Jordan.
- Provided suitable environment to support the distinct/creative university students and developed/elevated standards of higher education in tandem.
- Established selection criteria for projects, piloted the technical committee to analyze, assess and approve projects supported by the fund. Promoted viable projects to be adopted as investment projects.
- Recruited competent personnel organized training and conducted periodic performance reviews to maintain a motivated team and attain high service levels.

### **2006 – 2008**

#### **Program Manager of Industrial Applied Engineering Scheme**

*A joint program between KAFD & KADDB for funding industrial applied research for post graduate students, academic faculty members and private sector.*

### **2007 – 2008**

#### **Vice President of the Council of Prince Faisal Information Technology Centre**

*A joint collaboration between KADDB & Yarmouk University*

### **Jan 95 - Dec 98**

#### **Head of Mechanical, Electrical & Electronics Main Workshops/Special Communication Commission - Jordan**

##### **Key Responsibilities:**

- Piloted a team of 100 engineers and technical personnel to achieve/surpass company performance standards.
- Planned, controlled, monitored and managed assigned project resources to best meet project objectives and adhere to project scope, time, cost and quality constraints.
- Assisted in preparation of service maintenance/construction budget requests utilizing systematic, standardized procedures in addition to annual procurement plans for the main workshops.
- Effectuated periodical preventive/corrective maintenance checks and follow-ups of entire workshop equipments.

### **Jan 94 - Dec 94**

#### **Head of Computer Unit**

##### **Key Responsibilities:**

Lead a workforce of 20 engineers for seamless functioning of activities leading to optimal growth chart of the organization, devised database systems for communication microwave sites, personals and test equipment, contrived computer training courses/programs for new recruits.

### **Jan 89 - Dec 93**

#### **Head of Electro-mechanical Workshop**

##### **Key Responsibilities:**

- Executed key activities like automotive vehicles, overhauling/rebuilding of diesel/petrol alternators, repairs and maintenance of AC voltage stabilizers and other equipment, approved order quantities of maintenance and service

equipment.

- Oversaw construction/ installation/enhancements of earthing systems/obstruction Lights/grounding electrical systems for microwave sites/towers.

**Jan 86 - Dec 88**

### **Chief of Maintenance**

#### **Key Responsibilities:**

Specified, selected, installed and managed maintenance/inspection of electro-mechanical equipment at 75 microwave sites. Set up work control systems to ensure standards of performance, quality, cost and safety are met.

**Jan 82 - Dec 85**

### **Field Maintenance Engineer**

#### **Key Responsibilities:**

Maintained all machinery through preventive maintenance, troubleshooting, testing and repairing of electro-mechanical equipment at 75 microwave sites, monitored installation of new electro-mechanical equipment, in line with company policies/procedures.

## SKILLS

## Prof. Munzer S.Y. Ebaid

Skill	Skill Level	Years of Experience
Applied Engineering, Technical Management, Implementation.	Expert	More than 5 years
Technical Project Management, Creating Database Systems for Communication Microwave Sites	Expert	More than 10 years
Installation & Maintenance of Electro-Mechanical Equipment, Technical Evaluation of Defence Projects	Expert	More than 10 years
Project Costing & Budgeting, Evaluation, Implementation & Monitoring of Technology Projects	Expert	More than 10 years
Recruitment, Training & Motivation, Performance Appraisals, Communication, Negotiation, Innovation & Problem Solving	Expert	More than 10 years
Strong Leadership, Team Building, Creative Problem Solving, Analytical Thinking & Communication Skills	Expert	More than 10 years

### **ACTIVITIES**

Activity	Membership/Role	Date
Project manager of design, manufacturing and testing of a mobile PV generator	Project manager	Oct, 2019
Project manager of design, manufacturing and testing a quad bike for desert conditions.	Project manager	Oct, 2018
Project manager of design, manufacturing and testing a tracked ground vehicle (TGV) for rugged terrain.	Project manager	Oct, 2016
Project manager of formula student car	Project manager	Oct, 2014
Renewable Energy Center (Philadelphia University)	Council Member	January, 2012
Jordan Renewable Energy Society, (JERS)	Vice president	January 2012 till now
Jordan Renewable Energy Society, (JERS)	Board Member	January, 2010- January 2012
Renewable Energy Center, Philadelphia University	Board Member	Feb, 2012

## Prof. Munzer S.Y. Ebaid

Innovative Alliance for Green Energy into Mediterranean Basin Project. IN-ENERGY MED ALLIANCE.	Project Member	March, 2012
Solar energy integration and management in rural areas. (Cross border cooperation with the European neighbourhood and partnership instrument (ENPI) Mediterranean sea basin joint operational programme.	Project Member	August, 2011
Arab Renewable Energy Congress and Exhibition Programme Committee.	Member	April, 2011
Reinforcing Cooperation of Jordan Universities with EU in the Field of Renewable Energy. (INCO Proposal).	Project Member	Jan., 2011
Consultancy Services for Recommendation of Cost-Effective Renewable Energy Generation Projects in Iraq in Collaboration with UNDP.	consultant	March, 2011
Technical Training Committee for the Preparation of Diploma in Renewable Energy.	Member	March, 2011
Joint Collaboration Programme Between Philadelphia University and Narvik University, Norway in the Field of Renewable Energy.	Main Coordinator	May, 2009
Arab Renewable Energy Commission, (AREC)	Member	January 2009
Jordan Renewable Energy Society, (JERS)	Member	January 2007- January 2010
Made in Jordan Competition Advisory Committee, Queen Rania Centre for Entrepreneurship.	Member	January 2006
Screening Committee of the Queen Rania National Entrepreneurship Competition	Member	January 2005- January 2007
Industry Advisory Board. Jordan - German University.	Member	September 2001
Chief Deputy of Judging Committee Members of First Lego League, Robotics Competition – Jordan.	Member	September 2000
American Society of Mechanical Engineers- ASME	Member	Jan. 2000
Society of Automotive Engineering-SAE	Member	September 1998

## Prof. Munzer S.Y. Ebaid

Jordan Engineer Association.	Member	September 1982
