Read the following texts and answer the questions that follow.

A- In a survey of the happiest countries in the world, Iceland was not near the top. The questions in this survey included: How much do you earn? How healthy are you? How safe do you feel? Krikortz has a website where visitors click on different happy or sad faces to comment on how well they sleep, their family and friends, their level of stress, their inspiration, and their physical activity.
