

## Steering Committee

**Karim Djemame,**

University of Leeds, UK.

**Nameer El-Emam,**

Philadelphia University, Jordan.

**Gheith Abandah,**

the University of Jordan, Jordan.

**Mohamed Bettaz,**

Prague College, Prague, Czech Republic.

### General Chair

**Karim Djemame,**

University of Leeds, UK

### Conference Chairs

**Said AlGoul,**

Philadelphia University, Jordan

**Masoud Mohammadian,**

University of Canberra, Australia

**Jüri Vain,**

Tallinn University of Technology, Estonia

### Organizational Chair

**Amro Al-Said Ahmad,**

Philadelphia University, Jordan

### International Program Committee

Please visit the conference web site:

<http://www.philadelphia.edu.jo/it/isiict2021>

### Submission Process & Deadlines

**June 25, 2021**

Abstract & full paper submission

**July 23, 2021**

Acceptance notification

**August 6, 2021**

Full manuscript (Camera-Ready)

**September 15, 2020**

Early registration Deadline

### Contact:

All questions about submissions should be emailed to Professor Karim Djemame, symposium chair,

[K.Djemame@leeds.ac.uk](mailto:K.Djemame@leeds.ac.uk)

All questions about registration and other administrative issues should be emailed to the Symposium email, [isiict2021@philadelphia.edu.jo](mailto:isiict2021@philadelphia.edu.jo)

## Call For Papers

Information Technology continues to increase opportunities for strategic advantages and corporate efficiency. Emerging Enterprise Technologies are profoundly changing the way we think - from economics and efficiency to process and usage models. Artificial Intelligence and Machine Learning are globally recognised as a key driver of digital transformation thanks to the rich lineup of applications these revolutionary technologies are offering.

The International Symposium on Innovation in Information and Communication Technology is a prime international forum for both researchers and industry practitioners to exchange the latest fundamental advances in the state of the art and practice of today's Information and Communication Technologies, as well as their evolution and their paradigm shifts.

The symposium is intended to serve as a hub to identify emerging research topics, and define the future of Information and Communication Technologies. The conviction that we need to adopt a multidisciplinary approach between ICT technical expertise and other areas such as economics has been the main leitmotif of ISIICT.

## Topic areas for consideration include

**Theme 1** : Artificial Intelligence and Machine Learning

**Theme 2** : Edge, Fog, and Cloud-based Systems

**Theme 3** : IoT and Embedded Systems

**Theme 4** : Big Data and Data Science

**Theme 5** : Software Technologies

**Theme 6** : Security

**Theme 7** : Performance Engineering

**Theme 8** : Mobile and Wireless Networks

**Theme 9** : Bio-Inspired Computing

**Theme 10** : Bio-Medical Computing

**Theme 11** : Web Computing

**Theme 12** : Natural Language Processing

## Paper Submission

**Submission Guidelines:** All papers must be original and not submitted to another journal or conference. The following paper categories are welcome:

**Papers: Original full papers and work-in-progress papers,** submitted full papers should not exceed 12 pages, work-in-progress papers should not exceed 6 pages (including references and appendices).

**Posters** describing recent theoretical and technical advances in relation to all areas related to systems.

An electronic anonymous version (PDF or MS Word format) of the paper should be submitted using the following

URL: <https://easychair.org/conferences/?conf=isiict2021>

We recommend the use of the manuscript template for Springer Conference Proceedings:

<https://www.springer.com/gp/computer-science/lncs/conference-proceedings-guidelines>.

### Special Sessions

ISIICT'2021 encourages the submission of proposals for special sessions. The objective is to encourage alternative forms of participation that can increase the opportunity to discuss technical topics in an atmosphere that fosters the active exchange of ideas. For more information, please visit the conference web site.

### Tutorials

ISIICT'2021 will be presenting three diverse and high quality programs of tutorials. Postgraduate students and ICT industry professionals are particularly welcome. please visit the conference web site for more details.

### Venue:

The symposium will be held at Philadelphia University, winner of Al Hussein Fund Prize for Excellence in Information Technology, is a private accredited university situated at a beautiful site in the hills, 25 km outside Amman.
